Hands-On Labs (Topics 1–5, 120 minutes)

All labs run on WooCommerce (https://woocommerce.com). Full step-by-step instructions are in the Learner Guide; the slide deck presents each lab's purpose and outcome only.

Lab	Title	What the learner builds
Lab 1	Set Up Your WooCommerce Store	A working WooCommerce store with its currency, tax and core pages configured
Lab 2	Create and Curate a Simple Product	A published simple product, complete with images, price, SKU, category and tag
Lab 3	Create a Variable Product with Attributes and Variations	A published variable product whose variations each carry their own price, SKU and stock
Lab 4	Curate the Catalogue — Linked Products and CSV Import	A curated catalogue with categories, attributes, up-sells, cross-sells and CSV-imported products
Lab 5	Configure Payment Methods	A store that accepts payment

© 2026 Tertiary Infotech Academy Pte Ltd. All rights reserved. · www.tertiarycourses.com.sg

	and Shipping Zones	and offers three shipping options, verified by a test checkout
Lab 6	Process Orders, Refunds and Coupons	A processed order, a completed refund with restocking, and a working discount coupon
Lab 7	Measure Store Performance with Reports and Analytics	A reviewed set of store reports, a configured dashboard, and a defined list of performance metrics

Instructional Methods

- Lecture — trainer-led explanation of concepts with visual slides.
- Didactic questioning — the trainer poses questions to check and deepen understanding.
- Facilitated discussion — learners apply each topic to their own organisation (Topics 1, 3 and 5).
- Demonstration — the trainer demonstrates each WooCommerce task on screen before the learners attempt it.
- Hands-on practical — learners complete Labs 1–7 on their own WooCommerce store (Topics 1–5).

Resources Required

- Classroom with projector or large screen, whiteboard and high-speed WiFi.
- One laptop per learner with a modern web browser (spare laptops are available).
- A demo WordPress training site per learner with administrator access — wp1.tertiarytraining.com – wp5.tertiarytraining.com (login at /wp-admin with the classroom credentials), assigned by the trainer and reset before each class.
- The WooCommerce plugin (https://woocommerce.com) and the Storefront theme, installed during Lab 1.
- The Harbour & Co sample product CSV (labs/data/harbour-co-products.csv) and product images for the catalogue labs.
- Course slides, Learner Guide and Lesson Plan available on https://lms-tms.tertiaryinfotech.com.
